Pour lives have already been lost it the deadly game the gaunt moun to-day, as Jurer Fowler is unconscious and physicians hold out no hope for his recovery. Up to to-day mountaineers' bullets had claimed:

Judge Thornton L. Massie, Common-wealth's Attorney William Poster, Sheriff Lew Webb, and Miss Betty Ayers.

Partly accountable for this toll of death, under a make-shift sheriff's guard night and day, are five men-one of them wounded: Floyd Allen, brother of Sid Allen, chief of the gang: Victor Allen, Floyd's son; Cabel Strickland, Bud Marion and F. Moore.

Encouraged by their success in taking the recognized leader of the clan the detectives to-day determined to push forward into the heart of the mountains. Reports received here to-day led them to believe that the outlaws were biding their time, awaiting the battle, in one of their mountain passes. Reports over the one wire leading into Hillsville to-day were to the effect that Sidna Allen had not been located and is presumed to be with his cian. It is now definitely known that the number of outlaws engaged in the courtroom shooting was ten. It has been reported that the Allens were reinforced after their retreat into the mountains, however, and the authorities probably have twenty or thirty armed and determined men to deal with.
